Notes to Schedule of Maximum Affordable Rent and Gross Income Limits

1. Maximum monthly rent is computed by multiplying the HUD maximum income adjusted for family size by 30% (maximum imputed housing expense allowance) then dividing by 12 (months). All decimal points round down.
2. Maximum monthly rent includes utilities except for household phone, internet and cable. Maximum rent must be reduced by an approved utility allowance for tenants that pay all or some utilities not provided by owner.
3. Maximum rents for LIHTC developments are determined by bedroom size for all developments after 1989 and pre-1990 developments receiving the irrevocable Rent Change Election of 1994. For developments before 1990, number of unit occupants must be used.
4. Per HUD methodology, the 4 person Low Income (80% of AMI) is limited to the U.S. median family income level unless justified by high housing costs.
5. Please be aware that all income limits used for the LIHTC program must be from the Multifamily Tax Subsidy Project (MTSP) Income Limits published by HUD. Section 8 properties will continue to use the Section 8 Income Limits.
6. For LIHTC properties – please note that HUD has added a Hold Harmless Policy which is impacting this year's income limits. Therefore, there are now areas that are impacted by the HUD Hold Harmless Policy in addition to areas that were previously impacted by the Housing & Economic Recovery Act of 2008 (HERA).
7. Applying the New Income Limits to LIHTC Properties:

HERA SPECIAL INCOME LIMITS AND HELD HARMLESS INCOME LIMITS:

Multifamily Tax Subsidy Projects (MTSP) Income Limits were developed to meet the requirements established by the Housing and Economic Recovery Act of 2008 (Public Law 110-289) that allows 2007 and 2008 projects to increase over time. The MTSP Income Limits are used to determine qualification levels as well as set maximum rental rates for projects funded with tax credits authorized under section 42 of the Internal Revenue Code (the Code) and projects financed with tax exempt housing bonds issued to provide qualified residential rental development under section 142 of the Code.

Note: The limits identified in the MTSP Income Limits tables and MTSP Documentation system as "HERA Special" Income Limits are only for use by projects in service in 2007 or 2008

NOTE: The income limits are applied on a DEVELOPMENT-WIDE basis, depending on how the development is defined based on the multiple building election on the 8609s. If question 8b on the 8609s indicated that a building was part of a multiple-building development, all of the buildings in that multiple-building development will use the income limit based on the date the first building was placed in service. If question 8b on the 8609s indicated the building was NOT part of a multiple building development (in other words, it was set up as though each building is its own development), each building will use the income limit based on the date that particular building was placed in service.
